

# TRAILS & BIKE LANES

Fall 2021

In 2017, the Governor's office announced a goal to develop an additional 1,000 miles of family-friendly trails and bike paths over the next 10 years to provide and promote active connections to school, work and outdoor recreation in urban and rural communities throughout the state.

This ties in perfectly with UDOT's master plan for the Mountain View Corridor (MVC), which has planned for bicycle and pedestrian trails the entire length of the roadway. MVC currently includes a 27-mile multi-use trail and 22 pedestrian and bicycle bridges and crossings, which run adjacent to the entire corridor. Additionally, there are nine miles of striped bike lanes that run in each direction from Porter Rockwell Blvd. to Old Bingham Highway.

*Midas Creek Bridge*

*Upper Ridge Road Crossing*

*5400 South Bridge*

*7000 South Access Point*

*Pedestrian Underpass at 2100 North (UT County)*

*16000 South to Old Bingham Highway*

*Bingham Creek Bridge*

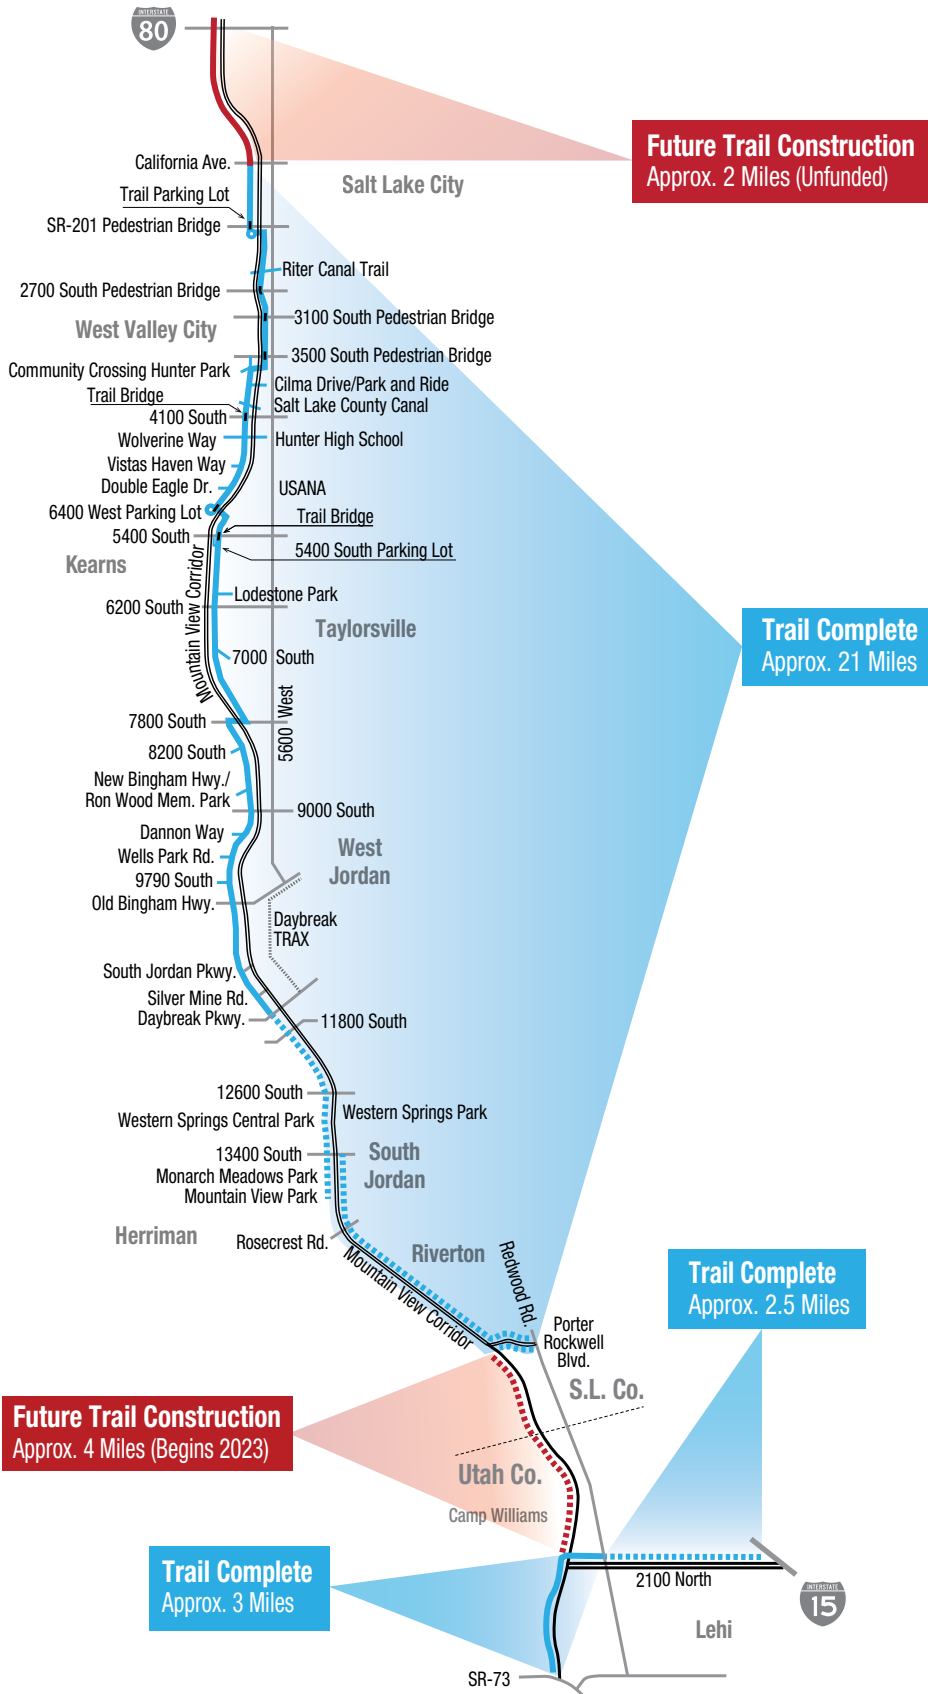

*Hunter Park Community Crossing*

*4100 South Bridge*

# CURRENT & FUTURE TRAIL CONNECTIONS FROM SR-73 TO I-80

**Type/Location of Trail**

- Asphalt; Separate from Roadway
- Concrete; Adjacent to Roadway

Not to Scale
